EXECUTIVE SUMMARY

I am deeply passionate about leveraging the latest technologies to tackle real-world challenges. Through my coursework and certifications, I have developed a foundation in programming, data structures, database management, and instructional design. I have a positive outlook on life and a solid ability to adapt and build a stable atmosphere. I'm a fast phase person who can work precisely under pressure.

EDUCATION

UNIVERSITAS NEGERI PADANG

Aug 2023 – Present

Informatics Engineering Education, Electronics Engineering Department
